

Trip Name : Hamro Thailand, Singapore, Malaysia Tour 9 Nights/10 Days

Trip Details :

The real Bangkok:-Referred to as “krung thep” by Thais, meaning “the city of angels.” Rooted in ancient Buddhist beliefs and traditions, Bangkok with its hedonistic nightclub and the hurly- burly taxiing of tuk-tuks, Bangkok truly is an exhilarating attack on the senses. The gleaming skyscrapers and Sukhomvit’s malls add just a veneer of modernity to this city. The culture here is so gloriously rich that exploring Bangkok should be seen as a highlight of any trip to Thailand. Watch saffron – rubbed monks on their mornings alms rounds, cloud of incense rising above the grand palace’s golden spires as well as the long tail boats gliding.

Climate:- Specifically Bangkok has a hot, tropical climate with the day time temperature of mid-30 degree Celsius throughout the year. November – February is most suitable for tourist as it is the driest time of the year. The hottest months are March, April and May whereas the rainy season are from May-Oct.

Malaysia: - Malaysia a superb place to travel in Asia for an eco-holiday. It is one of the gems of a travel in Asia. The relaxed and friendly attitude of its citizens as well as the gorgeous surrounding makes this one of Asia’s most lovely vacation spot. Malaysia has a range of tourist attraction. The sheer diversity of tourism destination is astounding. These include the high tech city of Kuala Lumpur, tropical island of Langhawi, colonial hill stations of Genting and Cameron highlands, numerous pristine beaches, National parks and the world’s oldest tropical rainforests. Skyscrapers tower above longhouse throughout highlights the bend of history and modern commerce. Natural wonders greet travellers as the leave urban areas. Another popular Malaysia city is Johar Bahru, a metropolis full of historical sites and the unique music scene, a special type of instrumental performance for wedding and other special events. Malaysia travel can include a stroll on the Tanjung Rhu beach, visit Kuala Terenggu for some central market shopping, or a visit to one of the many historic temples such as Jalan Tokang in Malacca. It truly lives up to its tag line of Malaysia truly Asia.

Climate: - The weather of Malaysia benefits from a tropical climate with high temperature and high humidity throughout the year. Daytime temperatures rises above 30 degree Celsius-round and night time temperature is rarely below 20 degree Celsius. On the west coast, the wettest months are May to October, while on the east coast; the wettest months are September- December. Kuala Lumpur is wettest from March to April and September to November, while Malaysian Borneo sees its heaviest rainfall between November and February. The best time to visit for dry weather is June and July on the east coast, January and February on the west coast, April I Sabah and June to July in Sarawah. The best time for beach holidays or scuba diving will depend on which part of Malaysia you intend to visit. The country is affected by the south-west monsoon from May to September and the north-west monsoon from November to March, and different parts of the country have their dry and wet season at different times of a year.

Singapore:- Singapore is a city state in Southeast Asia combining the skyscrapers and subways of a modern, affluent city with a medley of Chinese , Malay and Indian influences and a tropical climate with tasty food, good shopping and a vibrant nightlife scene. Singapore has a lot to offer to its visitors, as the island country has the culture of almost all major ethnic groups in the world. Choosing the city to spend your holidays is almost the best decision that will definitely pay back. It is a eventful place, a place where there is always something waiting for you to celebrate with. It absorbs many a unique and interesting occasions and these are a must see for everyone coming to the country. It is full of tourist destinations like islands, beaches, zoo, bird sanctuaries, water parks, museum etc. though every nook and corner of this nation reflects the modernity.

Climate:- Singapore has more or less a tropical climate. All throughout the year the climate of Singapore is hot and humid with minimum average temperature of 23 degree Celsius .Sun-bathers and nature lovers love to visit the country due to its climate factors. The best time of the year is from June till august. Humidity in Singapore lies between 70- 80 percent. With occasional showers and monsoon stretching from the month of November till January. The country is a favorite destination for tourists avoiding extreme temperature. The tropical climate of Singapore usually has a healthy affect on the visitors. It provides a pleasant weather condition for visitors to explore the country comfortably.
